Kids' Bank

How many quarters will you have if:
... your friend gives you 75¢
... you find 50¢
... and you earn \$2.00?
Color them in!

\$3.25 or 13 quarters

Add Up Your Savings

EXAMPLE 9 years old = \$2.25

Color in the number of quarters ...
... if you save 50¢ per week for the month of July.
... you would have if you matched your age.
What amount will you have saved?
\$ 4.75

5 weeks in July = \$2.50
